

Grand Chapter of Royal Arch Masons of Saskatchewan

Grand First Principal's Quarterly Message

"Growth and Discovery through Unity and Collaboration"

March: is the month that hints, spring is coming. To this month, the first of spring, the name of the famous Mars, god of war, was given. Mars was fond of storm and strife, and his name was very appropriate for this windy, stormy month.

Battleford Chapter No. 9

Estevan Chapter No. 8

Companions: I hope everyone has made it through these unpredictable winter months with no issues. My official visits have been challenging some nights, travelling through fog, cold weather, blowing snow or all three. The Chapters I have visited are positive and have candidates. I am grateful for the hospitality the Chapters have given myself and travelling partners. My Grand Line attended and assisted in the MEM degree at Estevan pictured above. It still remains a challenge for the smaller Chapters to put on degrees. They require help from other Chapters; especially for the Holy Royal Arch degree. For this reason I am organizing a **field day in Moose Jaw on April 25th to conduct the HRA degree**. We have confirmed two candidates so far and I expect there will be a couple more. We will conduct the meeting in early afternoon and give companions time to travel home in the daylight hours. Details will follow.

Grand First Principal's Visits

Chapter	Date
Saskatoon No. 4	March 18, 2026
Eagle Lake No. 20	April 11, 2026
HRA Degree Field Day	April 25, 2026

Please remember to send your notices to all Chapters in our jurisdiction.

Let's re-discover Royal Arch Masonry in Saskatchewan and grow in unity.

*M Ex Comp. Dan Olmsted
Grand First Principal 2025-2026*
